

## NIEHS SBRP Annual Meeting RTC Sunday Session

The SBRP Research Translation Core/ Community Outreach Core meeting on Sunday evening (Dec 10) at SIO on the UCSD campus is now full. We have 40 people who indicated their intent to attend (to either Hiram Sarabia or Keith Pezzoli); and the room's capacity is 40. If you are one of these 40, you should have gotten directions to the event.

Below, for ease of reference, are the directions we sent out. Note: most participants will be taking a bus from the conference hotel (Hilton Torrey Pines Hotel) which is scheduled to leave the hotel at 5:30pm, Sunday, Dec. 10. The conference hotel is only 2 miles (about 5 minutes) from the RTC/COC meeting location. Those staying at other hotels will need to take a cab or make other travel arrangements (per our communication with you).

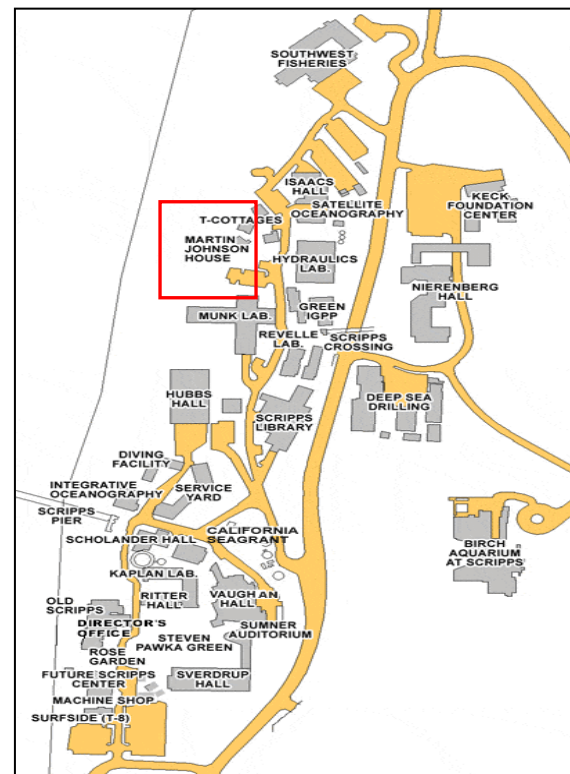

The RTC Sunday Session will be held at the **Martin Johnson House (MJH)** at the **Scripps Institution of Oceanography (SIO)**. The exact address is **8840 La Jolla Shores Dr.** However, **please note that the MJH is not facing the street**, see maps below.

## **DRIVING DIRECTIONS FROM HILTON (FOR OTHERS SEE NEXT PAGE)**

The Hilton Torrey Pines in La Jolla is approximately 4 miles north of the SIO MJH. The Directions are the following:

1. - Head South on **North Torrey Pines Road**
2. - Turn Right on **La Jolla Shores Drive**
3. - Turn Right into **Biological Grade Entrance** (if you have passed the Naga Entrance you have gone too far and will need to go back up the hill to the Biological Grade Entrance)

Buses please pull into the Biological Grade Entrance to load and unload passengers.  
If you are driving your own vehicle you will need to find street parking on La Jolla Shores Drive near the Biological Grade Entrance.

## **FOR PERSONS TAKING A TAXI FROM HILTON (FOR OTHERS SEE NEXT PAGE)**

Once on La Jolla Shores Dr, you will need to tell your cab driver to turn into Biological Grade (northern entrance to the SIO Campus). There will be signs to get to the Martin Johnson House (essentially just follow the road alongside the street for about 200 yards going south or downhill).

My cell phone number is 619-675-2665 if you have any further questions please do not hesitate to call me.

Best Regards,  
Hiram Sarabia
